

Singer-Songwriter PHIL HENRY
and the PHIL HENRY ACOUSTIC TRIO

SHORT BIOGRAPHY

With his newest release, respected singer-songwriter Phil Henry brings to the stage the texture and nuance usually only found in lush studio recordings. The Phil Henry Acoustic Trio - or PHAT, as they're known by their fans – takes Henry's award-winning material up a notch, with arrangements that showcase their collective skills, while maintaining the integrity of the songs. Amplified by the talents of percussionist Gary Moon and multi-instrumentalist Jeff Kimball, the trio's performing synergy has recently been captured for a live album called, *PHAT LIVE*.
